Acknowledgements	4
Executive Summary	5
Chapter I. Introduction	
Land and Water Resource Management Plan Background	7
Plan Requirements	8
Plan Development Process	8
Public Input	9
Relationship to Other Plans	9
Coordination With Other Agencies and Partners	12
Related Waukesha County Ordinances	12
Plan Review and Approval	13
Chapter II. Resource Assessment	
Introduction	14
Population	16
Geology and Physiography	18
Soils	23
Woodlands and Wetlands	27
Groundwater Resources	29
Drainage Basins and Watersheds	35
Rivers and Streams	42
Lakes	45
Outstanding and Exceptional Resource Waters	48
Impaired Waters List (303d)	49
Land Use	49
Exotic and Invasive Species	53
Chapter III. Goals and Objectives	
Identification of Resource Issues of Concern	54
Plan Goals	55
Water Resource Objectives	59
Chapter IV. Five-Year Activity Plan	61
Chapter V. Plan Implementation	
Agricultural Performance Standards	70
Buffer Standards	73
Non-agricultural Performance Standards	73
Estimated Costs	75
Chapter VI. Monitoring and Evaluation	
Citizen Surveys	78
Water Quality Monitoring	78
GIS/Database Tracking Systems	84
Plan Activity Tracking and Evaluation	84
